This pottery series is designed for adults who have never worked in clay AND for those who have. You will be introduced to both throwing on the wheel and hand building techniques. Come learn new skills, or hone those you have.

Nancy O'Connor studied ceramics at UNO under Henry Serenco and taught adult education pottery at Midland University. If you have some ideas of pieces you'd like to complete, she can help you make them a reality. Be prepared to make a mess and to have fun!

**Registration Deadline: Wednesday, January 17**

*(Class will be cancelled if at least 5 students have not registered by this date.)*
